Re: St. Paul Park Refinery  
RCRA Compliance Evaluation Inspection  
EPA ID No.: MND 006 162 820

Dear Ms. Nolan:

On December 11-12, 2020 a representative of the U.S. Environmental Protection Agency inspected the St. Paul Park Refinery facility located in St. Paul Park, Minnesota. In response to violations of the Minnesota Administrative Rules Chapter 7045 and the Code of Federal Regulations identified during the inspection, EPA issued a Notice of Violation on February 7, 2020. EPA received correspondence from St. Paul Park Refinery, dated March 3, 2020.

This letter is to inform you that EPA has reviewed St. Paul Park Refinery's response and determined that no further enforcement action will be taken at this time. This determination does not limit the applicability of the requirements evaluated, or of other federal or state statutes or regulations. Thank you for your cooperation.

If you have any questions or concerns regarding this matter, please contact Sheila Burrus, of my staff, at (312) 886-3587.

Sincerely,

Michael Cunningham, Chief  
RCRA Compliance Section 1
